# Fusion Ortho

MLILY®
REDEFINING SLEEP

10.5” | Firm ● ○ ○ ○ ○ Plush

The Fusion Ortho is often recommended to those looking for a firmer, more aligning sleep. The firm feel of the Ortho provides a great option for stomach and back sleepers. The pocketed springs are extra thick and work to distribute pressure evenly along the body, allowing for advanced back and joint support. Its layer of Ventilated Gel AeroFusion Memory Foam provides added breathability so every sleeper can wake up refreshed.
