Harmony Chill 2.0

MLILY®
REDEFINING SLEEP

13” | Firm ○ ○ ● ○ ○ Plush

The Harmony Chill 2.0 is a refreshed design of the exceptionally popular Serene Elite model. It has a medium feel that is more supportive than its predecessor, allowing any sleeper to stay comfortable throughout the entire night. Its Cooling Knit Fabric Cover continues to keep the sleeper cool and enhances the capabilities of the interior foams. A special layer of PCM (phase-changing material) directly under the cover absorbs and releases heat to equalize temperature.

Benefits & Features

- medium
- cooling fabric
- increased breathability
- extended coolness
- regulates temperature
- PCM coating
